

APS APPLE VANGUARD SHOWCASE

Cibola High

8:30-9:00

1510 Ellison Dr NW

Ms. Katrina Hart is a junior English teacher whose students will create a spoken word track in Garage Band based on themes from *To Kill a Mockingbird*. They will discuss how the story applies to them personally. Students will demonstrate how technology gives them a voice.

Petroglyph Elementary

9:20-10:30

5100 Marna Lynn Ave NW

Ms. Turner, Ms. Darr and Ms. Rodriguez will move us into redefinition with digital strategies. Ms. Turner is the technology coordinator and will expand our creativity, imagination and artistic abilities in the STEAM Academy. Ms Darr's students will teach us about the Great Barrier Reef. Ms. Rodriguez's students will make compelling arguments regarding zoos and their influence on society.

Marie Hughes

10:50-11:20

5701 Mojave Ave NE

Ms. Judge and Ms. Loudat are teachers of gifted students who are transforming learning. Younger students will help guests create videos on the solar system using ColAR Mix and Chatterpix. Older students will create a book using media and content from their trip to the Roundhouse.

EG Ross

1:00-2:00

6700 Palomas Ave NW

Kinder, 1st and 3rd grade classes will highlight their depth of understanding of fractions by collaboratively engaging participants using a variety of technology tools/digital media strategically and capably. Mr. Lamb will facilitate a collaborative lesson with Longfellow Elementary. We will witness learning at all elementary grade levels.
